

# Carolina Elite December Newsletter

As we close out an unforgettable November, our Carolina Elite family has so much to celebrate. From a history-making run at the World Championships in Spain, to packed clinics, open gyms, and day-to-day victories inside the gym, this month reminded us just how special our athletes and families truly are. We are SO THANKFUL for you!

## Looking Ahead to December

This month brings some of our favorite traditions and events of the year. Included in the pages of this newsletter are details on:

- **Jingle Bell Jump** – Our first meet of the season! Come cheer on your team!
- **December Open Gyms** – Three Saturdays of flips, fun, pizza, and great energy.
- **Snowball Soirée** – Our Competition Team's formal Christmas Banquet on 12/14
- **Christmas Break** – Gym closed December 22–January 1; classes resume January 2.

And don't forget – because of the holiday closure: All athletes receive one additional make-up class this month. Please email or stop by the front desk to get it scheduled.

## Holiday Shopping on Trampoline Swag

To help families find those final stocking stuffers, we've included our Trampoline Swag Christmas Sale Flyer in this newsletter too. From blankets and PJ pants to shoes, stickers, jewelry, and more, there's something for every T&T fan – with great holiday deals!

# WORLD CHAMPIONSHIP WRAP UP

## CAROLINA ELITE WRAPS UP A HISTORY-MAKING RUN ON THE WORLD STAGE

Pamplona, Spain — November 2025 Trampoline Gymnastics World Championships & Junior World Championships  
Carolina Elite Trampoline & Tumbling is celebrating a landmark moment in program history after four athletes delivered breakthrough performances for Team USA at the Trampoline Gymnastics World Championships and Junior World Championships in Pamplona, Spain.

### Sibling Duo Gracie & Trevor Harder Crowned World Champions

In one of the most memorable achievements of the competition, siblings Gracie Harder (20) and Trevor Harder (23) each helped lead Team USA to World Championship gold in the Women's and Men's Double Mini-Trampoline Team Finals.

Competing against athletes from 47 nations, both delivered high-difficulty, high-pressure routines that secured back-to-back victories for the United States. Their combined triumph marks a defining moment for American DMT and for Carolina Elite's growing legacy on the world stage.

### Michael Breaks Through as Junior World Semifinalist

In the Junior World Championships, Michael produced the strongest meet of his career. With personal-record scores in qualification, he advanced to the semifinals and successfully repeated his standout routines.

Although his score placed him inside the medal round threshold, the two-athlete-per-country rule prevented advancement. Michael closed his first international event as National Reserve, supporting his teammates with maturity and confidence throughout a remarkable debut.

### Bentley Finishes 4th in the World in International Debut

Competing internationally for the first time, Bentley delivered a breakout performance in the boys' 13–14 Double Mini division. He posted lifetime-best scores, won his qualification flight, advanced to finals, and pushed into the Super Final to finish 4th in the world. Bentley also impressed in Individual Trampoline and Synchronized Trampoline, demonstrating exceptional versatility across multiple disciplines at the junior elite level.

From world titles to promising junior breakthroughs, Carolina Elite's athletes represented North Carolina and the United States with strength, resilience, and heart. Their performances in Pamplona set a new benchmark for the program and inspire the next generation to dream boldly and chase excellence.

Congratulations to Trevor, Gracie, Michael, and Bentley — your Carolina Elite family is incredibly proud.
