

Visiting Athlete Policy

For athletes already on a competition team who are wanting to visit Carolina Elite for a weekend, for a week, or for semi-regular supplementary training

Purpose:

To establish a clear and respectful process for athletes visiting from other trampoline and tumbling teams, fostering positive relationships with other teams and coaches while providing a welcoming and supportive environment for the visiting athletes.

Guidelines

Our team welcomes visiting athletes from other teams under the following conditions:

1. Initial Request

- Visiting athletes or their guardians must initiate the request by contacting our team's Program Director / Head Coach.
- The initial contact should include the purpose of the visit, the duration, and any specific training goals.

2. Communication with Home Team

- Before any arrangements are made, the athlete's current coach must be informed about the visit request, ensuring respect and transparency for the home team's leadership.
- Our head coach may reach out to the home team's head coach to discuss the visit and potential goals.

3. Approval Process

- Not all requests will be approved.
- Factors of approval include the athlete's current training level, compatibility with our team's training, and capacity availability.
- The athlete and guardians will be informed of our program's decision by the head coach.

4. Training Integration

- Visiting athletes will be integrated into our regular training sessions or may register for additional one on one training sessions with our staff.
- Visiting athletes are expected to adhere to our team's rules, code of conduct, and safety protocols.
